DO YOU HAVE THINGS YOU'D RATHER BE DOING THAN CLEANING?

If you have a busy lifestyle or other priorities like spending quality time with your kids, cleaning is a chore that's easily avoided.

All Jim's Cleaning customers are guaranteed a professional, trustworthy cleaner, who has all-inclusive insurance cover and has undergone extensive police & security checks before entering your home.

In Hobart, locals Scott & Catrina Barker are not only passionate about their work, they are committed to looking after your home, just as if it were their own.

They also use their own equipment so it's not a hassle for you, and what's more, most of the cleaning agents are made from natural and biodegradable ingredients to care for your family & home.

Because this is their own business, Scott & Catrina live locally, work locally, and support other local businesses. When asked to sum up their goals for the business, they said "We want to aim for not only meeting, but exceeding, our customer's expectations in every way". Which is pretty much what Jim's Cleaning is all about!
